JOSIAH TURNER, Jr., EDITOR.

THURSDAY, NOVEMBER 11, 1869

THE LEASE, TO-DAY.

The lease of the North Carolina Railroad, which comes before the Stockholders to day, is the most gigantic fraud now on hand. The "mainspring" of the Ring, the Governor, is secretly at work to put this gigantic fraud into force and effect.

Dr. Hawkins, Littlefield and others sought, last session, to buy the North Carolina Railroad for $3,000,000, payable in State bonds at par. They failed in this; the Legislature refused to sell. Gov. Holden said nothing; he was silent, but it was understood he secretly favored the sale.—Now, it is understood he favors the lease. He controls the Road with more absolute authority than he controls the Leagues.—When he entered upon the duties of his office, he appointed Gen. Byron Laflin State proxy for the Road; he also appointed eight Directors; his proxy and these Directors control the Road; they can lease it or not, as they please.

His Proxy, although he cast 30,000 votes in the Stockholders' meeting, did not own a single share in the corporation. There are about seven hundred Stockholders in the Company, most of them natives of the State, but not one of them would the Governor trust as State proxy; he must have a carpet bagger, and, not content with that, he selects one from the most trifling and offensive of the carpet bag family and places in his hands the State's interest in her greatest and most important State work.

Further, the Governor could not trust any of the Stockholders as Directors; he appointed eight Directors, the names of only two of whom appeared in the list of Stockholders, Maj. W. D. Jones, 4 shares, J. McDonald, 1 share, whereas the charter expressly requires the holding of five shares, as a qualification to be a Director. Even the name of Maj. Smith, the President, was not on the list of Stockholders. Whether all or any of these gentlemen have to this day, qualified themselves for the position they occupy, according to the requirements of the charter, so as to make their acts legal, we have no evidence whatever. These Directors, save one, have agreed to lease the Road for twenty years, and for one hundred and fifty-six thousand dollars less, per annum, than the Road realized last year, according to the report of Maj. Smith and this same Board of Directors to the Stockholders' meeting, solemnly made and published to the world. And this they have done without any public notification to ascertain whether other parties would not give more.

Why lease the Road for twenty years, and put it beyond the control of the State and private Stockholders for so long a time? Before the lease shall terminate, the present generation of private Stockholders will have passed away. Before it shall terminate, various changes and combinations in the Railroad affairs of the State may make it desirable, nay, necessary, that the owners of the property should have a hand and voice in its contol, to say nothing of the probable, nay, certain largely increased nett profits of the Road during the time of the lease. But will any man in his senses assert that the nett income of the Road will not be larger twenty years hence than it is now? With the impetus that is being given to Agriculture and manufactures; with the increased area of tributary territory that will be added to that which already feeds it, by the completion of the works under construction across the mountains, reaching out into the fertile valleys of the Ohio, Tennessee and Mississippi rivers, can it be possible that with this fine promise, no calculation shall be made for increased profits to the Road for the next twenty years?

Why not, if it be necessary to lease the Road, try it for five years? And why shut out competition? Why not give full time and fair notice for other parties to enter into competition for the lease? The only reason we have heard assigned for hurrying up the lease is, to put it beyond the power of the Legislature to sell to the "Ring!" But this argument is futile.—Must a man burn his house to prevent its being robbed? Dr. Hawkins and Gen. Littlefield tried to sell the Road at the last session of the Legislature, and failed. It has been said that Mr. Welker, who opposed the sale before, will favor it next time: we don't so understand him in his card recently published. Mr. Welker is too enlightened and right thinking a man to consent to sell three millions of State property for bonds actually worth less than one million, and we presume that no member of the Legislature who has any regard for his reputation, present or prospective, would venture upon the commission of such a grossly imprudent, not to say fraudulent, act.

The "Ring," with the Doctor's influence, failed to sell before, hence the effort now on foot to lease, by the very party that wanted to buy and failed.

There is one feature of the lease, as published, to which we would call especial attention of the merchants and other citizens of the Raleigh region. Let this lease be consummated, and it places them completely in the hands of the Raleigh and Gaston Railroad to charge what fare it pleases on all freights arriving or departing, except what comes under the class of way freight on the North Carolina Railroad. Our merchants would be completely cut off and shut up, at the mercy of the Raleigh and Gaston Company.

There is another feature of the lease that affects all interested in the welfare of the North Carolina Railroad. While the lease forbids the increase of fare on *local* freights and passengers, it places no restriction whatever on *through* freight and passenger fare. Now, suppose that within the next twenty years, by the completion of new lines, or combination of lines, (and no one can tell what may occur in twenty years, in this regard) it should be necessary, for the interest of the Raleigh and Gaston Railroad to cripple the competition offered by the North Carolina Road; would it not be easy to so increase the through freight and passenger fare as to effectually *kill* the North Carolina Road; and at the same time the hands of the Stockholders would be so effectually tied that they could not take a step to prevent it, until the end of the twenty years.

The Governor favored the proposed sale, in his sly, covert way; he favors the lease in the same sly, covert way, as will, no doubt, appear by the action of his proxy to-day; although the Governor is represented as having regretted that he had ever gone into it.

If the Stockholders go into the meeting to-day, the lease is an accomplished fact. The State's Proxy has 30,000 votes, and we have no doubt he is committed to lease, and his vote can decide the question.

ANOTHER LETTER FROM GENERAL JORDAN ON CUBAN AFFAIRS.

It is learned that General Thomas Jordan, late of the Confederate army, but now second in command of the Cuban insurgents, writes to Colonel Harrington, of Chicago, as follows:

GUAIMARO, Oct. 19, 1869.

My Esteemed Friend: Nearly two months since I addressed a letter to a house in New York, in which I represented the great need that the Cubans have of supplies of clothing for men, women and children, medicines, arms and munitions of war. I am gratified to find that this appeal of mine has met with an effective response, and that already a number of cases of clothing material have been landed in the bay of Nipe from a schooner bound for Sisal, Mexico, from New York.

I wish, Colonel, that there were hundreds of such responses, and that there were a hundred American pens with me here to represent the situation—to depict better than I the picture of this civil war. While we have no absolute need of foreign soldiers of any kind to carry this struggle to successful fruition, we do need supplies.—As near as I am able to calculate, we have 26,800 men who have arms, and I state in perfect sincerity that we could use immediately 75,000 stand of arms, and with that number in our hands could end this war in ninety days. We have not wasted our armies nor materials in attacking large cities—seaports, I mean—because, even though we took them, it would be at a sacrifice of life of our trained soldiers, with a perfect knowledge that we could not hold them, for the reason that we have no artillery to defend them against the Spanish navy.—Puerto Principe and all interior towns we have so closely besieged that they are really of no avail to our enemy except the name of holding them. We occasionally are benefitted by it, for in their attempts to send them supplies, we often capture their trains.

There are men of great mind and brain in this cause. The Cuban patriots as a people are men of a higher class than any other Spanish Americans. They are, the most of them, all the leaders at least, men who have received their education either in the United States or in Europe. They are comprehensive, able, and devoted to their cause. I observe that there exists a doubt in the minds of a few citizens of the United States of the extinction of slavery in this island. Slavery was abolished when the standard of revolt was raised, and again by the twenty-fourth article of the constitution of this republic. There are 40,000 liberated slaves now following our camps. Thousands of them are armed with *machetes*, a half hatchet and half meat axe. They have shown a willingness to meet the enemy in the open field with such weapons only as these.

But what I most desired to call your attention to, is our great need of clothing for our people. I feel assured that if this pressing want of these worthy people was well understood in the United States, there would such a tide of contributions of materials and money be poured in upon us as would relieve all our wants and secure for the Cubans an early triumph over the truly barbarous Spaniard.

I wish this might be brought before the American ladies. I wish that they might comprehend how 30,000 Cuban ladies are living an aboriginal life, half-naked and but poorly sheltered, as the forests and hillsides and spreading palm trees can shelter them. Such an army of self-denying ladies was never before assembled on earth. Their devotion knows no parallel except in the lives of our revolutionary mothers. I hope the whole American people may realize the situation of these people—their wants, sufferings, devotion and worthiness—and then aid them.

I wish I had the time to write you much more. But as our messenger can only carry a very small parcel, I am obliged to close this letter. You may address me, care of the Cuban Junta, No. 71 Broadway, New York.

Yours, most truly, THOMAS JORDAN.
Adjutant General Army of Cuba.

MORTIFYING DISCOVERY.—A discovery that must be, to say the least, a little mortifying to the savans and antiquarians of Philadelphia, has just been made in that city. It is nothing less than the fact that the letter exhibited in Independence Hall for years past as a genuine autograph of Washington is a forgery.

The New York *Herald* gives the secret of the Cuban Hornet, seized in Wilmington harbor, and says that a pious coal dealer refused to sell coal on Sunday, and thus detained the vessel over till Monday, by which time the authorities got word of the vessel's character and whereabouts, and she was seized.

The concession for the proposed cable between Belgium and the United States was signed in Paris Saturday by the Belgian Minister. The cable is to be laid between Ostend and "some point between Maine and Georgia," by an American company.

Secretary Boutwell, Secretary Cox, Commissioner Delano, Commissioner Capron, and other prominent Government officials, expect to start on Saturday to attend the Agricultural Fair at Macon, Georgia.

For the Sentinel.

CLINTON, N. C., Nov. 6, 1869.

Prof. Solomon Pool, President of the University of N. C.:

DEAR SIR.—A few days ago I received from you (I suppose) several newspaper slips from the Raleigh *Standard*, one of which was an anonymous communication to that paper, purporting to have been written by one who graduated at the University within the last decade of its prosperity, and urging on the white people of the State the duty of supporting the University as it is now organized.

The unusually friendly relations existing between you and myself while I was a student at Chapel Hill, and the almost necessary silence on political matters, which pertains to my vocation, may, very naturally, have led you to hope that an appeal to me in behalf of the University would not be vain.

I regret to inform you that I cannot lend my influence directly or indirectly to the building up of any school established or to be established under the auspices of the enemies of North Carolina, whether imported or native-born; and lest you may do me the injustice of supposing me controled by prejudice, I ask your attention to some of the reason for my determination.

Before proceeding, however, I will state that I regard it as singularly unfortunate for you that the advocacy of the University is conducted in the columns of the Raleigh *Standard*. You remember that, in the autumn of 1856, that newspaper first exposed and paraded the fact that Prof B. S. Hedrick was not opposed to the election of a free-soil President, and that its denunciations of Hedrick were unmeasured and most unjust; that Hedrick prepared an article in his defence which the *Standard* editor refused to publish, thus showing that he was destitute of the instincts commonly supposed to belong to just and honorable gentlemen; and that Hedrick never obtained a hearing except through the columns of a paper published in Wilmington, by Thos. Loring, Esq. Prof. Hedrick was driven from the University and from the State, the *Standard*, all the while, leading in the hue and cry.

The partiality of the *Standard* in this affair was exceedingly offensive to me (although I was, by education and prejudice, uncompromisingly opposed to the election of Fremont,) and its injustice was so flagrant that I was forced to the belief that its editor was destitute of those moral qualities which are the chief elements of fairness, consistency and reliability.

A man who is cruel to a beast will be cruel to his best friend, if it will serve his selfish purposes.

Now, I am informed, that paper has exceeded the wildest dreams of the Fremont fanatics, and is the champion (not of free-soil—not of universal emancipation—not of negro equality;) *of negro supremacy*; branding those of us who love the North Carolina which our ancestors freed from British oppression, as traitors unworthy of the elective franchise and declaring the negroes, *par excellence*, true and worthy American citizens!

It is unfortunate, I repeat, that a newspaper conducted with so little regard for consistency and fair dealing should be the chief advocate of the University.

In order that I may enable you to understand clearly my reason for declining to join in an effort to restore the University to popular favor, I will begin by stating a few well known facts:

1st. Previous to the ratification of the Federal Constitution by North Carolina, she (i. e. her white population) was a free and independent State, and no people on earth possessed the right to molest her or interfere in her affairs.

2nd. In ratifying the Federal Constitution, our forefathers gave to no State or combination of States, the right to deprive her people of the privileges of free citizens, to invade her soil with brutal armies, to burn and destory the property of their posterity, to murder a part and subject the rest of her population to an outrageous military despotism, to rob us of our substance in the name of taxes to pay the expenses of our own ruin, and to destroy us as a body politic and subject us to the rule of ignorant freedmen and a corrupt fraction of her rightful citizens.

3rd. In ratifying the Federal Constitution North Carolina gave to no State or combination of States the right to decide for her whether she was being justly dealt with by the other parties to the compact.

4th. The Federal Constitution denies to the Federal Government the exercise of any other powers than those expressly granted.

5th. In violation of their oaths to support the Constitution of the United States, the executive and legislative departments of the government of the Northern (falsely claiming to be the United) States, have denied to us the right to judge of our own grievances, to enjoy the freedom won for us by our forefathers, and to live under a government of our own choice; they have invaded our State with hostile armies; they have murdered thousands of our people; they have destroyed millions of our property; they have insulted us and maltreated us with peculiarly offensive garrisons quartered in our midst; they have subjected us to the caprice of an odious and morally infamous military despot; they have compelled us to obey as Provisional Governor (an officer not known to the Constitution), a man in whom we had but recently declared, in unmistakable language, a want of confidence; they have taken the management of our affairs out of the hands of the intelligent, honest, patriotic descendants of the framers of our government and given it to ignorant and incompetent negroes and such white people as they have found willing to exchange principle for plunder; they have compelled us to obey laws enacted by strangers and enemies, intended solely for our humiliation; they have enforced among us the collection of most exhorbitant and unjust taxes to pay the expenses of their fiendish crusade and to support the corrupt, cruel, incompent and perjured creatures who wield the powers of government; and all this, for no injury we had done them, but for the simple assertion of our birth right.

6th. By the votes of unconstitutional constituencies, our State with all its interests is now controled by unworthy and, as a whole, unprincipled, swindling men or bodies of men, no few of whom are foreign to us in birth and sentiment and hostile to our welfare, having been, in some instances, titled officials in the armies of our most unjust, cruel, and barbarous enemies.

7th. As a part of the work done by the enemies of North Carolina through the needy knaves imported into her borders and the weak or corrupt tools to be found in the State, the University has been put under the control of a Faculty who, the presumption is, are in sympathy with the agents of our ruin.

With these facts before me, and holding that principle is principle, and that right is right, I can never, with my present conviction, give my support to the University as now organized.

But this is not all; I have another reason. Believing that North Carolina was a free and independent State (bound to the Federated Union only so long as the government of that Union was just to her,) and that she was the only rightful judge of her own grievances, I entered heartily into the war for separation (although I opposed the policy of secession.) I fought through the war as a private soldier, suffering all the hardships of the campaign, defence, and retreats of Bragg, Johnston and Hood. I was severely wounded twice. Two of my brothers were slain in Virginia, and the only remaining one lost the use of his right hand. I had many relatives and friends in the war who were murdered or brutally treated. One cousin was placed by the beastly Yankees under the fire of our own guns at Charleston, and suffered untold horrors, ending in death.

In return for all this patriotic devotion, hardship and suffering, my friends and myself are branded as traitors, and by none more loudly than by the base and illegal officials who placed you at the head of the University. And I am pursuaded that the influence of the University will be exerted in the interest of those officials and their supporters, and that the two chief objects to be pursued in directing the thoughts and molding the opinions of the youth who shall be placed under you tuition are:

1st. To instill into their minds false notions of the rights and duties of freemen, and degrading submissiveness to wrong and injustice; and

2nd. To teach them that I and all who feel and have felt as I do, are traitors to our country, and that my brothers died in an unholy cause.

With these views and convictions, I can not assist in restoring the University to popular favor.

Very respectfully,
B. F. GRADY, Jr.

LETTER FROM THE COMING MAN.

The epistle of the Coming Woman, in the Advance some weeks ago, calls out this companion piece:

"*To the Hon. Mrs. Standish, M. C.*"

My Honored Wife:—It is nearly ten o'clock, the children are safely tucked in bed, and although the week's mending stares me in the face, I snatch a moment to spend in writing to you.

Can you spare a few moments from the cares and honors of a public life to read a few lines from your fond and obedient husband? I would gladly write oftener, but you know my numerous cares, and some of my duties seem very awkward to my unpracticed hand. To be sure I gained some experience during your absence in the campaign before election, but do what I will, skimming the milk is not my forte, and as for working the butter with my hand as you told me, what a mess! I suggested to Betty the other day—very meekly—that the duty belonged to her, but she indignantly refused. She says you always took care of the milk before you went into politics, and it's no business of hers if your head is turned. I do the best I can, but really Bettie is a little hard to suit.

Then there is the sewing girl. What a time she gives me with her questions. I would pack her out of the house only the dear children are so shabby, and I am getting so nervous I cannot sew.

By the way, what can be the matter with the pickled cabbage? We opened the jar of it the other day and it is not at all nice. Betty says the onions spoiled it, but I am sure dear, you told me to use onions to give it relish; or was it horse-raddish instead of onions? I declare I am quite bewildered. The spiced currants, too, are terribly strong. Could I have made a mistake in putting them up, and used pepper instead of spice? You see I cannot find the cook-book that you said was in the house, and I have been so short of change that buying one was not to be thought of. Couldn't you make the next month's allowance a little larger? Maggie's toes are out of her gaiters, and her best hat is shocking.

Write me a long letter as soon as you get this, and come home for the holidays, if you can be spared. But you must not expect us to look so very nice, though I wear myself out. I sweep and dust every week of my life, and insist upon the children keeping their playthings and outdoor traps under the table—out of the way there, you see—and so much handier than if hung up out of the little ones' reach.

Your faithful husband,
MOSES STANDISH.

P. S.—What shall I give the baby when he has colic? The other night I gave him pain killer, and you can hardly imagine how he screamed. I think it must have been temper, he got so red in the face.—Betty says I ought to give syrups, but then I am firm. Syrup is good with butter cakes; but I'll never believe it will cure colic without your orders. Baby has one tooth. M. S.

P. S. again.—What *shall* I do? Betty just came to the nursery to give warning that she will leave to-morrow. I was going to learn how to make bread next week. I cannot leave the children to find another girl, and Betty says she won't be ordered around by a great staring man. But I ought not to annoy you with these trifles. —*Exchange.* YOUR MOSES.

RADICAL GOVERNMENT.

Bad Government and Radical Government ever mean one and the same thing—a synonyme.

Tennessee was thriving, comparatively free from State, debt before Radicalism ran with it; but in three short years, the Radicals have more than doubled the debt, viz.: from October 1st, 1866, to October 1st, 1869. And the property of Tennessee groans under taxation to meet the indebtedness imposed upon them, by a "reconstructed government," sustained by the armed soldiers of the United States Government.

But on this subject hear the Augusta (Ga.) *Chronicle*:

"Radicalism illuminates Reconstruction by doubling State debts, as in Tennessee, North Carolina, South Carolina, Georgia, Alabama, Louisiana and Florida. The Radical Governor of Louisiana illustrated his principles by a palace in New Orleans, and the sudden reputation of a millionaire. The Radical Governor of Florida, it has been demonstrated, is on the way to golden glory. His price for engineering a legislative act, and his official signature, it is true, is only fourteen thousand dollars, or, about fifteen per cent., while his more lucky loyal brother of Louisiana doubles this charge and is never content with less than a 'corner.' A profit of a million of dollars in State bonds is the price of 'a Blue Ridge' internal improvement and railroad development in South Carolina. An 'Opera House,' with Mansard roof and all the 'modern conveniences,' with bar room and eating saloon and 'offices to let' for faro banks and keno rinks, and 'furnished rooms to let' for assignations and adulterous intercourse, illustrates Georgia Radicalism, while 'the Governor' plays Governor and public treasurer, and runs the State Road and a contingent fund office of discount of claims.

Verily! great are the monuments of 'Progress;' and great the shining lights of Radicalism in the Southern sky."

Mr. Delano has issued one more circular on the subject of whisky. This time he explains that if you buy a barrel of liquor, tax paid, and draw some from it, and then fill it up with water, you must alter the character of the package, and must have it regauged and restamped or it will be seized.

Jefferson Davis received one vote for Comptroller of New York. Horace Greeley was "scatched" to make place for it.

NEW ADS.—The following appeared yesterday morning, but we had not room to refer to them. We do so now.

The dissolution of the firm of Hart and Lewis, hardware merchants. The business will be continued at the same place by Mr. Julius Lewis, in connection with which announcement, see the card of Mr. J. Brown.

Leach & Bros., have another supply of choice family groceries, at their new store on Wilmington street. Call and examine them.

A. D. Royster & Bro., have the first arrival of Malaga grapes. They are sound, plump and delicious. Also some of the finest apples, and a variety of tropical fruits.

Five dollars for a lost pistol.

Agent wanted to sell a popular Sewing Machine.

New arrival of Groceries, G. T. Stronach.

Besson, Fashionable Tailor, opposite the Market Square, on Fayetteville Street, has some very fine material for gentlemen's wear, and is prepared to make it up in superior style.

THAT HAT.—Those inquisitive on the subject are informed that that fine new, fashionable beaver that we intend to appropriate for Sunday wear, came from the fashionable Hat and Clothing establishment of Messrs. R. R. Andrews & Co., next to Tucker Hall. We can't wear it on the streets in day time—we put it on and started up street yesterday evening, and had three beggars hold of our coat tail before we got to the corner Book Store—they took us for some rich man's son. The donor will please accept our profound thanks not for their mistake, but for the cause of it.

SALE OF CITY LOTS.—Our readers are requested to keep in mind the sale of city lots on Saturday, as advertised in our columns. As something has been said in regard to the title to this property, the following note is published, which will set the matter right on that point:

Raleigh, November 10, 1869. }

MR. EDITOR:—Please publish the following letter to remove all doubts and fears of those about to purchase homes in the New Town of Kingsland, as regards title:

RALEIGH, N. C., Nov. 9, 1869

In order to quiet any apprehension which some persons may have, as to my claiming a Homestead on the property recently purchased by the North Carolina Land Company, from J. P. H. Russ, I can inform the public, that my petition for a Homestead does not embrace any part of said land, purchased by said Company, nor is it my intention to claim any part thereof as a Homestead exemption.

THEATRE.—The Ford Comedians were greeted last night with a larger audience than on any previous night. The performers acquitted themselves well, "suiting the action to the word," without rant, and without "tearing the passion to tatters, to very rags." So truly was the sound consonant to the sense as to win the approbation and applause of the more judicious portion of the audience, while the comic passages were so inimitably rendered as to wreathe with smiles the most crab-apple countenance in the house.

See announcement for this evening in another column.

On Friday night Miss Alexander, the beautiful and accomplished daughter of the Old North State, takes a benefit, appearing as Lady Linden, in Byron's new and popular Drama, BLOW FOR BLOW. Let State pride, as well as a proper appreciation of virtue and talent, combine to make the occasion one worthy of the city and of the recipient.

Throat Affections.—A Physician writing from Newfane, New York, speaking of the beneficial effects resulting from the use of *Brown's Bronchial Troches*," says: "For alleviating that horrid irritation only felt by those who have suffered from any *Bronchial Affection*, and for Hoarseness and Sore Throat too, I am free to confess (though I am an M. D.) they answer all you claim for them." To avoid disappointment, be sure to *obtain* the *genuine* "Brown's Bronchial Troches."

The following spicy paragraph taken from the Hillsboro *Recorder*, in regard to the situation at Chapel Hill, explains itself. We give it without comment:

They put the U. S. Troops to quarter in one of the College buildings at Chapel Hill, and as the troops went in 10 of the students moved *out*, and the devil is to pay at the "Hill."

The new Cuban Junta formed in New York, consists of Don Miguel Aldama, a very wealthy planter; Don Hilario Cisneros, a relative of Salvador Cisneros, Marquis of Santa Lucia. The Cubans seem to be agreed, which is one point gained, its admitted business character is another.

CONFLICT OF AUTHORITY.—The Sheriff of New Hanover and Deputy Marshal Carrow, are in a contention in Wilmington in which is involved the question whether an execution on property of an involuntary bankrupt holds against the surrender of the bankrupt's effects to the Marshal, for the benefit of all his creditors. They have divided the house of the bankrupt, the Sheriff taking the inside and giving Marshal Carrow the outside.

Great preparations are making in Newberne for the coming Conference.

SINGULAR INCIDENT.—A neighbor of ours, who uses anthracite coal for fuel, had filled his grate, one evening recently, and placed himself in his easy chair before it, to enjoy a cosy evening with wife and little ones, when he was startled by an explosion in the grate altogether strange and unaccountable. Investigation showed that the explosion was caused by some curious mineralogical combination in a lump of the burning coal, which had bursted on being heated, and what is most singular, a quantity of melted lead, at least two ounces, ran out from the coal lump to the hearth beneath the grate. After the explosion, the lump of coal went rapidly into decomposition, assuming a yellowish, dirty color.

We leave the question of how the lead got in the lump of coal, and what produced the explosion, to Prof. Kerr and the *fluid ounce*.

INSURANCE.—As soon as we hear that a man has died, or that a house or barn, &c., is burned, we inquire, almost the first thing, whether the person who has died, or the property burned, was insured; and we all know how the answer affects us favorably or unfavorably, accordingly as it is in the affirmative or negative, especially if the parties concerned are relatives or friends. We pen this paragraph to induce thought on this subject. We believe life insurance, to those who have families dependent on them, the best investment that can be made of their annual nett profits.

Mrs. Catherine Brooks, wife of Mr. Ira Brooks, of Wilmington, while on a visit to her mother at Myrtle Grove Sound, met with a very serious if not fatal accident.—On Monday morning last, while sitting by the fire dressing her young child, she was seized with a fit and fell head-foremost in to the fire, and was fearfully burned about the head and face before assistance could reach her. At last accounts Mrs. B. was in a most critical condition.—*Star.*

Currituck Sound abounds in game of the choicest description.

For the Sentinel.

RALEIGH, Nov. 9th, 1869.

MR. EDITOR:—Can you tell us who pays for the gas consumed at the Court House for lighting up party, association, fire company, corporation and other public meetings, so often held in the Court House at night? It is true, this may be considered a very small thing, but then, as Sawney says, "many littles make a mickle," and the people of Wake county have enough to pay tax for, without having to pay for the gas for such meetings as are usually held in the Court House at night, in which, as citizens of the county, they have no manner of interest or concern. Please inform us on this point if you can, and oblige OLD FOGY.

Well, Mr. "Old Fogy," we don't know.

THE KU KLUX KLAN FARCE.—Yesterday as we stated, the prisoners recently tried here for conspiracy, and murder and Ku Kluxism, were brought before the Superior Court of Lenoir County, Judge C. R. Thomas presiding, to answer the several charges. The bill of indictment consisted of no less than sixteen pages of closely written legal cap paper, but, notwithstanding this formidable array of charges and specifications, the State Solicitor squarely backed down, as will be seen.

The first case called was that of Messrs. A. Munroe and Calvin Herring, charged with the killing of Kader Grady, colored, on the Kinston bridge, in January last.—The trial was not entered into, Solicitor Sherard making affidavit that he did not believe that the State could obtain justice (bah!) in Lenoir county. The counsel for the defense selected Wayne, and His Honor fixed upon Wednesday after the first Monday in February next, for a final hearing of the case. The accused were admitted to bail in the sum of $10,000 each, giving a justified bond without difficulty.

The cases for conspiracy known as the Ku Klux cases, were then taken up. The Solicitor again making affidavit that he did not believe that the State could procure justice in Lenoir county, a similar disposition was made of them as in the case of Messrs Munroe and Herring. All the parties were admitted to bail in the sum of $1,000 each, except Mr. Jesse C. Kennedy, the reputed "South Commander," who was required to give a bond of $10,000—which he did.

Here the farce ends for the present.—*Newbern Journal of Commerce.*

NEWBERN AND THE LEASE.—A meeting of Stockholders in the North Carolina Railroad Company, residing in Newbern, was held on Saturday night last, which passed strong resolutions against the contemplated lease of the North Carolina Railroad. We would be glad to publish the Resolutions in full, as requested, but owing to the pressure on our columns, are obliged to forego doing so.

We are still prevented from obtaining a copy of Judge Russell's decision in the Neff contempt case by the exercise of a Radical monopoly. We can state to our readers, however, in advance yet of their publication, that Judge Russell ordered the discharge of Mayor Neff, and through this decision the defendant is freed from the embarrassing position in which the renowned "contempt" Judge sought to place him.—*Wil. FOREIGN.

LONDON, Nov. 10.—Gladstone, at the Lord Mayor's festival, spoke discouragingly regarding Ireland, but claiming peace with all the world, "one exception I ought to make and it is an exception which is of the deepest interest to Englishmen, namely, our relations with America; but there is no occasion in which I could more appreciatively refer to those relations, or better describe them than as those of peace and concord.

To depart from that friendly strain, I should be admonished to judge more correctly, and shall more wisely, by an event which has happened in this city during the last four days. I refer to the death of George Peabody. A man whose splendid beneficence will secure immortality for his name, in that which he regarded as his old mother country, but whose fame likewise, and in a broader sense, is applicable to all humanity. He has taught us the most needful of all lessons—how a man can be made master of his fortune and not its slave—and it is most touching to know what I have learned from his friends, that, while some men would have been unhappy at the idea of dying in a foreign land, his affections were so divided between the land of his birth and the land of ancestors, that that which had been the fondest of his wishes may now be realized to be buried in America but to die in England; with Mr. Peabody's country, we are not likely to quarrel, it is true that care and skill in diplomacy animated though it has been by the purest and best of feelings, although it has not imperiled our peace, has failed to lead to the first issue up to the present moment, upon the disputed questions of law, which have been in discussion between the two countries, considerable delay has taken place, yet every delay, instead of leading to danger, was prompted by considerations of good and a desire to allow the intervention of time in order to obviate the difficulties. (Cheers.)

I believe the world would view with horror a parricidal strife between England and America. But such a state of things is not likely to arise from our present relations and my confidence is in the sentiments, American government, as well as our own, and which also animate the minds of the people of these two great countries, (Cheers.)

DR. LAWRENCE'S

Highly Concentrated Compound

FLUID EXTRACT OF

Koskoo!

THE GREAT HEALTH RESTORER!

NOT A SECRET QUACK MEDICINE—FORMULA AROUND THE BOTTLE.

Prepared Solely by

J. J. LAWRENCE, M. D.

ORGANIC CHEMIST,

NORFOLK, VIRGINIA.

☞ Beware of Counterfeits. See that Dr. J. J. Lawrence, Chemist, Norfolk, Va., and the word KOSKOO, is BLOWN ON THE GLASS of each bottle. ☜

Koskoo is endorsed by the best physicians everywhere. Read the following from Dr. Tilley, a successful practitioner of many years standing in the Old North State:

Rocky Mount, Edgecombe Co., Sept. 19, 1869.

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the *happiest results*. I find it to be a *powerful Liver Invigorator Blood Purifier* and *Nervous Tonic*. In all diseases of the Liver, Scrofulous Syphilitic, Nervous Affections, *it is a remedy of immense value*; in fact, in almost every variety of Chronic Diseases its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicines, I am sir, with much respect, your obedient servant,

R. C. TILLERY, M. D.

From Dr. Fentress, an accomplished and experienced physician.

Princess Anne Court House, Va ,Sept. 13, 1869.

J. J. LAWRENCE, M. D.—Dear Sir: I have carefully examined the formula, as well as the Therapeutic properties of your Koskoo compound, *and have prescribed it* in some *stubborn cases of Chronic Liver Affections Dyspepsia, General Debility, &c., and always with the most gratifying results*. I fin it to be a splendid *Tonic Alterative, and Hepatic* combination, accomplishing its constitutional effects *without the slightest debility*; in fact *it gives fine support to the General system* while its alternative effects are being produced. *I cheerfully recommend its use to the public*. Yours, truly;

T. F. FANTRESS, M D.

Koskoo cures Scrofula, in its worst forms. From Mr. A. W. Mills, a prominent and well-known merchant of Norfolk, Va.:

No 11, Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty-one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body. Whilst in this condition she commenced taking your Koskoo—IT ACTED LIKE A CHARM ON HER—UNDER ITS USE THE ULCERS GRADUALLY HEALED, AND HER GENERAL HEALTH GREATLY IMPROVED. It certainly saved her much suffering, and perhaps her life. I regard Koskoo a SPECIFIC for all scrofulous affections. Your Koskoo also cured my wife of dyspepsia, from which she suffered greatly. SHE IS NOW IN BETTER HEALTH THAN SHE HAS BEEN IN FIVE YEARS.

With the highest regards, I am gratefully yours, &c.,

A. W. MILLS.

KOSKOO, THE GREAT INVIGORATOR.—Read the following from the Rev. Joseph E. Martin, pastor of Wesley Chapel, Portsmouth, Va.:

"This is to certify that myself and wife have used Dr. Lawrence's Koskoo, and can testify to its beneficial effects. Previous to taking it we were in a condition of debility—had no appetite, and suffered from sudden and often violent attacks of headache and nervousness. Two bottles of Koskoo has improved our general health, and we regard it as invaluable, and most cheerfully recommend it to all who have need of an *invigorator*. Yours, &c.,

JOSEPH E. MARTIN.

KOSKOO!

CURES CHRONIC RHEUMATISM.

Norfolk, Virginia, September 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son has received so much benefit from your wonderful Koskoo that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is an INFALLIBLE REMEDY for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could conceive the value of such a remedy as Koskoo—THAT SURELY CURES. The great amount of good it is now doing among us is theetimable.

With much gratitude, I am respectfully yours, &c., MRS M. E. A. NELSON.

Dr. Lawrence—Dear Sir: Having been treated by several skilful physicians for Dyspepsia, Chronic Disease of Kidneys, General Debility, &c., without benefit, as a last resort I commenced the use of your Koskoo, and am pleased to say that under its use my health has been entirely restored

I am, sir, with much respect your obedient servant, O. B MEARS.

No. 5 Market St., Norfolk, Va., July 6, 1869.

Pactolus, Franklin Co., N. C., Sept. 11, 1869.

This is to certify that for a long time I suffered very much from inaction of the liver and constipation of the bowels and tried several remedies but received no benefit until I commenced taking Koskoo. I took the medicine about one month, and I was completely cured and have remained well. I know of several *cures* made by Koskoo, and can cordially recommend it as a good medicine. JOHN H. BAKER.

From Mr. Womble, a prominent hardware merchant of Norfolk:

No 13 Market Square, }
Norfolk, Va., Oct. 23, 1869 }

DR. LAWRENCE—Dear Sir: To the large number of testimonials which you offer of the great efficacy of your Koskoo, I take pleasure in adding my own. I suffered greatly with Nervous Debility, Headache, Loss of Appetite, &c. Two bottles of KOSKOO RESTORED ME TO HEALTH.

Yours, truly,

J. G WOMBLE.

From Rev. W. H. Christian, Pastor Dinwiddie Street Methodist Church:

PORTSMOUTH, Va., October 25, 1869.

This is to certify that I know Dr. Lawrence well. He is a gentleman of cultivation, and worthy the fullest confidence. I have used his "Koskoo" with advantage to myself, and have adopted its use in my family in cases of nervous debility and depression.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

And $5,000 ready to pay a loss of No. 34,161, so soon as the party authorized to receive the money appears.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It insured more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 583 policies, received an income of seventy-eight thousand dollars, and possessed net assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13 327 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
